Cyber Wisdom for Parents and Kids:
Keeping our kids safe in the online world

The logo for ask.fm, featuring the text "ask.fm" in a white, lowercase, sans-serif font. The ".fm" part is in a light green color. The logo is set against a dark blue rectangular background.

Ask.fm is a Latvian [social networking site](#) where users create profiles and can ask each other questions, anonymously if they like. Users can't register for ask.fm unless they are 13 years of age. But it is easy enough to make up a fake birthday, which many kids do. The site does not monitor content which, unfortunately, makes inappropriate content easy to find. And it is easy to share content on other social media sites too.

Because the United States does not have a reciprocal agreement with Latvia, these people cannot be prosecuted for their online behavior. If you want more information on how ask.fm works, check out this website:
